## From the Headmaster

The year is now well underway, and the weather has enabled a brisk start to the athletics preliminaries. 'Big Monday' yesterday completed the annual swimming competitions, as well as an afternoon of athletics run with an intensity and pace that only outstanding organisation can achieve. The track technology is equal in function to any top level international event, the processing of results, instant and faultless, and the staff expertise impressive. What more could you want? You actually want the boys to get themselves organised, and be in the right place at the right time, in the right kit. I congratulated them this morning - the College at its efficient best.

Our examination results are now complete and this morning at assembly I was able to distribute a large number of Gold Badges, and ties. Inexplicably, an error was made in computation of one tie for a Year 13 recipient. What happened next is worthy of comment. One of the recipients (not the overlooked scholar) quickly came to tell us of the mistake, and when I caught up with the intended recipient, he graciously confirmed this without any umbrage visible. I will acknowledge both for their courtesy and magnanimity when we correct the error next week.

Our examination results at Level 1 and 2 this year were outstanding, but we are somewhat disappointed at Level 3 and Scholarship, with 20 awards. We congratulate the three top in subject Scholarship winners (Drama and Music at STAC) and Geography at CGHS, and the further Outstanding Scholars, another at CGHS and one at Shirley Boys'. The new Year 13 have been an academically strong group throughout the school, and we are very confident for this year. Notable in this year's results were the biology department topping the Scholarship merit table, and Scholarships in Calculus won by Luke Gellen in Year 11, and in Statistics and Modelling by Christopher Brown in Year 10. Our top performer was Jack English, whose four scholarships reflected his ability and commitment. The full list appears elsewhere in this newsletter.

Two important other matters. The mornings are, alarmingly, already getting darker (causing me to have to run more slowly to see where I am going in the park each morning - my explanation, and I am sticking to it) and the evenings shorter. We have relaxed our expectation that boys will always wear their blazers when cycling to school in hot weather

## Coast to Coast

Over the weekend College had six students compete in the annual Coast to Coast event. Both teams were entered in the two day, three man team race.

Each team had a member complete the cycle legs, running section and kayak leg, which ran between Kumara Beach on the West Coast and Sumner Beach on the East Coast. The team of Ben Henderson (run), Jonathon Calder (bike) and Angus Ashcroft (kayak) was placed first in a time of 14 hours 39 minutes 37 seconds. The second team of College students completed the race in 15 hours 1 minute 52 seconds and they were Sam Doyle (run), Michael Allison (kayak) and Nico Cronshaw (bike).

From left: Jonathon Calder , Ben Henderson and Angus Ashcroft.

(though we do expect them to remain tidy, shirts in etc). We would like to see all boys wearing hi-vis clothing, particularly going towards Autumn. It is hard to legislate that they must - we have no control over what they chose to do when they are out of sight, but I suggest parents join us in a drive to encourage them. We are aware that hi-vis is hardly an original fashion statement in Christchurch at present, and at the best of times might not appeal to the boys' dress sense, but it makes a difference.

Lastly, elsewhere is an invitation to the first Parents' Association meeting of the year. A great opportunity to make new friends, and get (not onerously) involved with supporting the school - to say nothing of a chance to savour the extraordinary opulence of the Headmaster's baronial mansion. I look forward to seeing any who can make it.

**Simon Leese, Headmaster**

## Uniform Issues

As you are aware, we are very keen for our boys to wear their uniform neatly and with pride. However, at the moment there are boys who seem unable to keep their socks up when wearing the summer uniform because the socks have lost their elasticity over time or because the owner has outgrown them.

Day parents can assist us by ensuring that their sons have at least three pairs of socks which have not lost their elasticity. In addition, all boys should wear garters to keep their socks up. Adjustable garters are available from our clothing shop.

If your son comes home muttering about being given a punishment or being forced into long trousers for a while it will probably be owing to his persistent display of 'floppy sock syndrome'.

**Rob Donaldson, Deputy Headmaster**

## From the Chaplain

### Chapel Services

We have started the year excellently in Chapel, and it is a pleasure to welcome so many parents and family members to our Sunday services. This also provides an opportunity for you to discuss what is reflected on with your son. There is often a chance to chat with the Headmaster, me, other staff present and other parents and boys. In the mornings refreshments follow the service. In the evening the choir is present, leading the more formal style. Some videos of parts of services are found on the school's YouTube channel.

### Lent Appeal

All that we collect in Chapel is given away to a variety of good causes. Starting in Lent, students put extra energy into raising funds for charity. Half will go this year to Samoa with a service group of students who will work on All Saints School in Apia, Samoa in July. The money raised will provide materials, paint, furniture, and so on for the school. All Saints is a new Anglican primary school there (3 years old). The other half of

the funds raised will go locally to the Champion Centre. This is a Christchurch organisation, New Zealand's largest and longest-running centre-based programme for infants and young children with significant developmental delays and disabilities.

### Confirmation

I invite you to talk to your son (if he is in Years 12 or 13) about the opportunity being provided to explore his beliefs in a group with St Margaret's College students. This will lead up to a confirmation service next term in the Cathedral. Canon Lawrence Kimberley is running this for the diocese. Students considering confirmation can come along and see if this is for them. Can they please contact me so I know who is interested.

Yours in Christ,

**Bosco Peters, Chaplain**

# Careers

## Events since the last *In Black & White*

- Gap Experience 2015 - Mr Porter has talked to Year 13 about the process involved
- Years 12 & 13, Introduction to General Studies and career profile sheets

The General Studies sessions will again continue for Years 12 & 13 on alternate Fridays. We will have speakers from Tertiary providers, motivational speakers, and sessions on leadership. Interviews with Year 13 boys will be the priority during Term 1 and they will occur during their study periods. Boys in the school, or their parents, can contact Mr Sellars anytime by phone or email, or visit him in the Careers Room in the front office of Richards House.

A lot of information comes through the careers office daily. I take what is relevant to the boys and summarise it in *In Black & White*. It is important the boys and parents get into the habit of reading it fortnightly. I also text the boys to remind them of visits and activities.

## Defence Careers Experience 2014

For many years now, the New Zealand Defence Force has invited selected secondary school students to experience aspects of life in the Defence Force through the Defence Careers Experience (DCE). The first DCE will be held from 28 April - 2 May and will target Officer, Medic and Intelligence careers. The second DCE held from 6-10 October will target technical and non technical trades. Both courses will be held at Burnham Military Camp. Defence Careers will cover accommodation and meal costs. Applications for the April course are to be received by 14 March. See Mr Sellars by 7 March if interested.

## Otago Tertiary Study Open Day - 12 May

This is on the second Monday back in Term 2. I am organising a group of 25 genuinely interested boys to travel to Dunedin on Sunday, 11 May and returning on Monday evening. We will be staying in backpacker accommodation. Some parents may wish to

take their sons themselves. We are not allowing boys to travel to Dunedin in their own vehicles. All Year 13 boys have had a text message sent to them. I will contact the parents of those boys interested, shortly.

## New University Entrance requirement

From 2014, students will need all of the following to be awarded University Entrance.

- attain NCEA Level 3
- achieve 14 credits at Level 3 in each of three subjects from the approved list of subjects.
- achieve UE numeracy - 10 credits at Level 1 and above from specific achievement standards, or three specific numeracy unit standards.
- achieve UE literacy - 10 credits (five in reading and five in writing) at Level 2 and above from specific standards.

## Chris Sellars

# CATS

Over 120 students were put through their paces (singing and dancing) over two days of auditions for 60 parts. With so many talented performers to choose from, the cast was extended to 71. The website is being updated and cast details will be posted shortly

# Curriculum News

We are a week and a half into our brave new world with laptops in front of boys in class and life already seems to demonstrate a normality. The introduction has been very smooth, with fewer technical issues than we had anticipated (always reassuring) and those we have met have mostly been easily resolved. Anticipating those unpredictable technical problems we had engaged

two very 'tech savvy' past students to help on our IT Help Desk. They have been thankfully under employed in this regard, allowing them to continue development work for us.

In our first assembly of the year I briefed the boys about the key practical ground rules for having their laptops in class. While this covered such basic things as ensuring that they arrive at school with their laptop fully charged, more importantly they have been well briefed about the protection and care of their laptops. Laptops are not to be left lying around outside the assembly hall, dining hall or Chapel. They must be kept secured in their lockers in their Houses when the boys are not using them in class. We have made small alterations to our daily routine to build in time for boys to go back to their Houses and collect their equipment before class.

The biggest technical challenge to date has been in setting up the appropriate software for boys who bring their laptops in to ICT Services. The problem is simply that boys haven't kept their operating systems up to date, and so staff have had to update that software before they can get down to the business of installing any specific software needs boys have for their courses. Boys will need to make sure they maintain operating systems as updates become available.

The Internet is an amazing 'place' offering huge amounts of information and opportunity. However it can also be scary for those who don't take simple precautions. Cyber safety is an important issue. We have given all boys an initial briefing on basic issues of safety (such simple things as moderating language and setting good security protocols on Facebook for example). The discussion has centred around the concept of our 'digital footprint', the impressions and evidence we leave of ourselves in the digital world. These impressions need to be

carefully safeguarded since the Internet is 'forever'.

We have talked about ready access to information, and the need for academic honesty. Plagiarism has been an issue ever since human beings began thinking and articulating that thought. All young people have to learn the need to be honest and acknowledge when thought belongs to another. Plagiarism is now easier than ever, enabled by access to laptop technology. The technology does of course also mean that plagiarism is more easily detected but this shouldn't be a matter of avoiding plagiarism because of a fear of the consequences. It is an issue of respect; respect for self and respect for others. It is no coincidence that this is one of our key values at College.

In the meantime many of us are enjoying the opportunities now available to make learning in our classrooms even more effective.

Finally Scholarship awards were released last week. Our congratulations to:

## Christs College Parents' Association

The Christ's College Parents' Association warmly invites existing and new members to meet to discuss the social events for 2014 at the Headmaster's home, 16 Armagh St, on Monday 24 February at 7.30pm. New parents of the school are most welcome to come along. Any enquiries please contact Lynley Smith 0212398178.

# Founders' Dinner

The annual Founders' Dinner for Year 13 is a formal occasion which follows established traditions and procedures. The boys have a valuable opportunity to learn the conventions of a formal dinner, which consists of a three-course meal, with formal toasts and a guest speaker. The Headmaster guided us through the protocols during the course of the evening.

The dinner also provides an opportunity for our seniors to reflect on the College's rich history and to consider the legacy of previous generations. The dinner décor has a few historical touches such as placemats of College scenes from the past. The Deputy Head Prefect, Tom Raymond, proposed a toast to Those who have Gone Before.

Tom also took the opportunity to challenge his peers to make the most of the year ahead, to make a positive contribution and to enjoy themselves. This tied in with the other main purpose of the dinner, namely to provide an opportunity for the Year 13s to gather as a year group and consider what they could achieve in 2014.

Jeremy Penrose, the youngest student in Year 13, proposed the Loyal Toast and this was followed by a Toast to the Guests, presented by Ben Fulton. Ben took the opportunity to acknowledge the staff at the dinner and thank them for their efforts.

This year's speaker, Mr Jim Boulton, outlined his extensive leadership experience in a wide range of industries, from his

recent role as chief executive at the Christchurch International Airport to running the Shotover Jet Company in the 1990s. His interest in motor racing led to an analogy which he hoped would be useful for the boys in the audience - namely that life is not a circuit race. It is more akin to a country road because you only pass places once and do not get a chance to relive the experience. He also warned of the dangers of complacency and told a sobering tale to reinforce this point. Finally, he urged the boys to find a fulfilling job, in the right environment.

The dinner concluded with the Headmaster's thanks to Mr Boulton and a toast to Christ's College.

# National Hockey Representative

Condell's House student, Dominic Newman has recently returned from Australia where he represented New Zealand in the men's under-18 hockey team. During the visit across the Tasman the team played the Australian under-19 team and the Queensland under-21 team twice each, and recorded one win and three losses.

Dominic scored a goal on each of the two occasions that they met the Australian side, and was part of a team who felt positive about their performances away against older competition.

He will now represent his country in a squad of 10 to play an Oceania tournament to be held next month in Port Vila, Vanuatu. This tournament is part of New Zealand Hockey's campaign to qualify for the Youth Olympics to be held in Nanjing in August. The format of this qualifying event will be hockey 5s, which is the same format to be played at the Youth Olympics.

# Boarding News

Christ's College's Year 9 and 10 boarders have had an action packed start to the school year.

On Waitangi Day, the boys competed in House groups in the Ultimate Race around Christchurch. This race requires them to complete challenges such as taking a team photo with a policeman. The groups also had to answer questions on local history as well as collect items in a scavenger hunt.

During the afternoon they competed in a round robin over two activities, The Adrenalin Rush and the Surfboard. The activities were supplied by Bubbling with Energy. Points were accumulated over the day and School House defended their crown from 2013, winning over Flower's House followed by Richards House.

*From left: Kit Sadler, Ben Murray and Jack Burgess.*

For their first Saturday evening of the term the junior boarders visited Ferrymead Golf. The Year 9s tested their mini golf skills while the Year 10s enjoyed a hit out at the driving range.

The next morning the Year 10s went to The Groynes to complete a high ropes course while the Year 9s travelled to Hanmer for an action packed day that included jetboating, a fish and chip lunch and a visit to Hanmer pools and hydroslide. For a short video from the Year 9 visit to Hanmer, please [click here](#).

The past weekend saw the Year 9 boys visit Laserstrike on Saturday evening with their competitive juices coming to the fore! On Sunday they headed to Diamond Harbour for some coasteering. This involved walking (and climbing and crawling!) along the shoreline with the reward of being able to jump into the water along the way. It was an activity that required many of the boys to push themselves beyond their comfort zone. The Year 10 -13 boys enjoyed a sunny Canterbury afternoon surfing at Sumner. For a short video of the year 9 coasteering adventure, please [click here](#).

This Friday night sees the Crusaders playing the Chiefs in the first Super 15 game of the season. Two bus loads of our boarders will be there to cheer the Crusaders on!

# Victory Over CBHS 1st XI

At the College cricket grounds on Saturday the 1st XI had an excellent two wicket win over reigning national champions, Christchurch Boys' High School.

"Bailen Thatcher was great at the start and Jakob Kerr was brilliant", says coach Warren Lidstone. His combination with Lochie McKellar put immense pressure on CBHS with seven maiden overs. The constant stream of wickets meant that CBHS was unable to get underway.

"Our start at the crease could not really have been much worse as two mistakes meant we were two down after eight balls. Bailen looked in fantastic form, but he also knicked out early. Rory Williamson continues to grow as a player and he was very strong in seeing off the bowlers and getting our innings underway. Daniel Freeman-Greene was then able to show his all round ability as he batted with real maturity and poise to see us through to victory".

# Outstanding Performances

Ben Dickie scored 163 for the 3rd XI White side in their match against Lincoln-Ellesmere 2nd XI at Lincoln High School on Saturday. Ben helped his side to reach 284 for 4 off their 50 overs. His innings was scored from 134 balls and included 16 fours and 6 sixes.

Callum Long played for the 2nd XI White side in their match against South-West Cricket 1st XI on Sunday at the College cricket grounds. In a bowling spell which saw Callum take seven of the last eight wickets, he took 7 - 19 to help bowl the opposition out for 79. Of his seven wickets, six were bowled and one was LBW.

Both player's teams had convincing wins from these individual performances.

## Vietnam/Cambodia

Image from the 2011 trip.

There is an information evening on Friday 28 March for students (and their parents) interested in travelling to South East Asia in 2015. The trip is open to boys who will be in the senior school in 2015. The venue is the Old Boys' Theatre from 7.30pm onwards. Any queries should be directed to Mr Vink, Mr Clough or Mr Nicholson. Itineraries can be uplifted from a history or geography teacher.

## Softball Selection

Our congratulations to Josh Glading (Year 10 Jacobs House) who was a member of the Canterbury under-15 boys' softball team who placed 2nd in the South Island tournament in early January.

After the tournament Josh was selected into the tournament team and has also been selected in the ISA New Zealand under-15 boys' team who will travel to Australia in September.

## Christchurch Kitchen & Living Tour: Inspiration for the heart of your home.

## 10 KITCHENS, 1 DAY

Join us for an exclusive tour of 10 of Christchurch's most beautiful homes. We'll begin in the kitchen, but we'll also be seeing what our hosts have done with their other living spaces. We chose these homes for their range of architectural and design styles. Each offers a unique approach to making family living comfortable, efficient and stylish. This really is an exceptional opportunity to gain inspiration for your own home.

Friday, 7 March 2014: 9:30am – 4:00pm

Tickets: \$55 | [courtheatre.org.nz](http://courtheatre.org.nz) | (03) 963 0870  
Refreshments available for purchase.
