

2ND ANNUAL

15-22 July 2019

STEVEN ADAMS  
HIGH SCHOOL

Congratulations

## Mason Whittaker of Christ's College

We know that most Basketball kids in New Zealand are humble but we wanted to write to you as a school and congratulate your basketball program for developing a player that has recognised as one of the top high school basketball in the country.

Mason has received an invite to join Steven Adams on a weeklong camp in Auckland followed with a nationally televised game on Sky TV before the semi and finals of the New Zealand National Basketball League

We hope you can get behind Mason and show your support by sharing their success or informing the kids at your school that one of there own has made the cut.

One of our goals at Sports Pathways is to inspire young talent and our belief is that if Steven can recognise talent at your school, then the rest of your school should know they to may have a chance if they work hard enough.

Again, we thank you for the work you have already done and we look forward to hosting your school at the Steven Adams High School Invitational.
