Good sponsorship creates great opportunities

Thank you for your generous sponsorship of Christ's College. Whether in arts or sport (or both), your support gives College a competitive edge and helps our boys achieve some amazing outcomes. Our sponsors are our partners, as committed as we are to seeing our boys at their best.

Sponsorship ensures the show does go on and College drama productions have that extra polish. Dedicated cast and crew, sold-out performances and enthusiastic audiences highlight the value of school and sponsors working together to create something special.

This vital support drives a culture of excellence in sport, providing the extra resources – the time, equipment and expertise – our boys need to train and compete at the highest level. Our top teams are among the best in New Zealand and many of our boys excel in their chosen sport.

Sponsorship puts your business, your brand, at the heart of our community – and we encourage our families to support those who support us.

Without you we could not achieve as we do. We recognise your passion, your drive, your dedication – and we are grateful for your continued support of our boys and our school.

CHRIST'S COLLEGE
